

Thrive Scholars Platform

Quick Self-Guided Preview

Sign in at <https://thrive-scholars.vercel.app>

Everything below is demo data, so click freely — nothing is real or breakable. To see each role, sign out and back in with the logins shown. Tip: use a separate private/incognito window per role to keep all three open at once.

1. Staff / Admin console

Staff · kshaw@kippteamandfamily.org · password ThriveKevin2026!

The control center. A good loop:

- 1 **Dashboard** — overview landing page.
- 2 **Scholars / Volunteers** — open any record for the full profile; on a volunteer, note the staff actions (star, corporate partner, inactivity nudge).
- 3 **Programs** — the four program types and the matching-weight sliders (tunable AI matching).
- 4 **Matches** — browse pending/active matches; open one to see approval actions.
- 5 **Interactions** — sessions logged as held/missed, with ratings.
- 6 **Reminders** — open a template to see the automated, customizable comms.
- 7 **Salesforce & Automation Log** — sync status and an audit trail.

2. Scholar experience

Scholar · jordan@test.com · password ThriveTest123!

What a student sees:

- 1 **Home** — welcome, a getting-started checklist, and 'how mentorship works.'
- 2 **My Matches** — review the matched mentor, accept, and book a session.
- 3 **Sessions** — an upcoming session with prep tips, plus a past session with a rating.
- 4 **Training** — the Summer Academy video and progress tracking.

3. Volunteer (mentor) experience

Volunteer · priya.patel@test.com · password ThriveTest123!

What a mentor sees:

- 1 **My Matches** — the mentor's getting-started checklist and 'how mentoring works.'
- 2 **Accept a match** and note the booking-link prompt.
- 3 **Sessions** — prep tips and the confirm/rate flow from the mentor's side.
- 4 **Training & Profile** — volunteer modules, availability, and booking link.

Questions as you explore? Just reach out — happy to walk through anything.
